THE COUNTY NEWS

GATHERED BY OUR ALERT CORRESPONDENTS.

The Events of the Week From Needy Events—Invaluable Council What Other Times' Representatives Have Failed to Write About.

NOTABLES

University of Salt Lake is interviewing local relatives here. A family came with him to buy his last article, which Louis Johnson has been failing this winter.

Robert Maxwell of Peoa had a fine team up at Coalville mill. He was going up to the timber in a side canyon, and when over the timber the horse fell dead without any signs of being sick.

The county superintendent, Mr. McCarroll, was in the vicinity looking after the interests of the school last week. On his journey he called at the post office to pay his respects to occupants there. We are pleased to have such friends, and they will always find themselves welcome.

The library of Coalville is trying to have a meeting room erected this season. He has been succeeded in which to build. It is understood that work will be done outside of the church if a brick house is built.

A. Evans came over during one of his trips the other day through the falling ice stages on his back.

Signs of Chilkoot's miseries were to Washington to take a part in the masked ball at that place. In passing through Peoa they can again see some mining traces that someone left standing in the road, and while trying to get the timber from between the sledges and sleds, two men came out and used ridiculous language to the gosselers, and said if they would carry the timber back and pay them for their trouble it would make them serviceable. One of them offered them services but they declined it.

PRESS

A short time ago the residence of Ralph Maxwell caught fire from a defective flue. Fortunately the fire was discovered in time and by great exertion it was put out before a great amount of damage had been done.

James Maxwell, while breaking a new road in Weber canyon, a few days ago, had the misfortune to kill a very valuable horse. While the horses were wallowing in the snow one of them fell, and sprained a few minutes.

Last week Joseph Jensen, while shopping long in Weber canyon, had the misfortune to cut a fragrant gash in his foot. Mr. Jensen was brought home and is now getting along as well as could be expected under the circumstances.

From James Maxwell's camp, several hours back a sheep that had been left in the canyon last fall had died and done well up February 25th, in which date it was killed by some wild animal. The wonder is that the sheep could have existed so long as the snow was from three to fifteen feet deep in the locality where it had wintered.

Annie, the little child of Mrs. M. L. Miles, while standing at the side of the bed a few days ago, fell and severely sprained her hand. It is all right now.

County Superintendent of Schools, D. S. McCarroll visited our district schools on Friday afternoon of last week.

George Wardell, Robert Allen, Abraham Maryland, C. W. Walker, G. J. Marchant and J. A. R. Marchant have gone to Merriam. Wardell's son will go to the head of Weber canyon, to get out saws. They had to take their loading and supplies on hand-ledled the last ten miles of the journey, the snow being too deep for horses to travel.

It is to be hoped that the Constitutional Convention which met on Monday, will immediately get down to business and that all will work in harmony for the best interests of the citizens of the new state of Utah, irrespective of party or race. For such let the members of the two political parties unite and frame the very best constitution that can be had. Party feeling is thrown aside for the time being and can be accomplished with dispatch and as sleek as a whale. Let us, my friends, and you will find that the road of the public good is in the setting.

Walter Walker returned to Peoa the first of the week. He intends to continue work in the engine very soon.

Jesse W. H. Stevens and wife of Coalville were on some of the first of the week.

J. Marchant went to Coalville on Tuesday evening to some business before the county court.

J. M. Falloway, the dealer, was selling work in Peoa this week.

J. W. Lee of Hurricane made your correspondent a pleasant call on Tues-

day. Mr. Lee was born and lived here a great many years.

The general health of the people hereabouts is good, there being very little sickness reported.

With the bright, warm days and cool nights we have, the weather is perfect, and will be until the young pool gets in full bloom.

Now is the time to get out traps, poles, traps, spring work begins. What shall it be, telephone or no telephone? That is the question which should be decided soon. Peoa is in favor of the telephone and the answer we have in the letter. These other towns will do much as we will toward this enterprise the time would be in operation to start order.

The necessity of a cemetery for this part of the country is becoming evident. The grounds in other parts of the territory are playing havoc with our dairy butter-subs, and the question with soon be a cemetery or no sales. There are good locations on any of our farms for a cemetery, we have the milk, and that in any amount, and it only needs some one to take hold of the business, which will be a piling one to all concerns.

The reduction of forces in the dispatchers' offices at Evanston has brought Mr. Fred Mowbray back to his former position at Lehi. On the resumption of business he will return to Evanston.

Superintendent O'Neill was in town Tuesday. He was approached by several ex-Union Pacific employees with regards to strikers obtaining a clearance. Mr. O'Neill said he could give no details as to higher authority revealed very little to him on that subject, but it was his opinion that a good many of the old hands who did not update, but who took flight and being threatened by agitators quit work at that time, would be given a clearance and allowed to go to work shortly.

The U. P. Company is building several ash pits in the yard for the purpose of cleaning out main line engines. The dance Tuesday night was not altogether a success, owing to the committee on invitations not advertising it successfully.

William Williams, Jr., is learning the mercantile trade in the Hopkins establishment.

HENRED.

Mr. M. F. Davis, who was called home from the winter range on account of his daughter, Edna's sickness, reports a very bad convolution that can be had. His party is strength is through the hills the time this disease and can be accompanied with delusions and as sleek as a whale. Try it, my friends, and you will find that the road of the public good is in the setting.
